SIS BILINGUAL COLLEGE AND SECONDARY SCHOOL: THE SKY’S THE LIMIT

Unlocking Students’ Full Potential at SIS Swiss International School

Provided by: Marcel Stähli, CEO of SIS Swiss International Schools Schweiz AG

SIS is a private bilingual day school committed to consistent and bilingual education from kindergarten through to secondary school and college. In addition to the Swiss bilingual Matura, students can complete the International Baccalaureate (IB) Diploma. SIS also offers a bilingual secondary school programme.

Combination of Swiss Matura and IB Diploma

At our Bilingual Colleges at SIS Zürich and SIS Basel, we guide our students over the course of six years towards attaining the Swiss bilingual Matura and/or the internationally recognised IB Diploma. With the Swiss bilingual Matura or the IB Diploma there is no limit to the educational opportunities available to our students.

“We have a solid track record placing students in the university of their choice,” explains Andrew Wulfers, Principal at SIS Basel. “Over the last few years, the success rate of our Matura graduates has been 100%,” adds Katarina Guggenbühler, Principal at SIS Zürich.

The combination of Matura and IB Diploma is only offered at a handful of Swiss schools, making it one of the distinct benefits of studying at SIS.

Modern Focus Subject Options

At SIS Zürich’s Bilingual College, students choose one of two specialised subject studies: “economics and law” or “philosophy, psychology, pedagogy”. At SIS Basel, students can choose one of three specialised subjects: “economics and law”, “biology and chemistry” or “physics and applications of mathematics”. The latter focus subject option was introduced this year and provides a solid foundation for studies in science, medicine or a technical direction.

Bilingual Secondary School Programme

As an alternative to the college path, students at SIS can continue their education after primary school with a three-year bilingual secondary school programme. At our Secondary Schools at SIS Zürich, SIS Basel, SIS Pfäffikon-Schwyz and SIS Rotkreuz-Zug, students are prepared for a demanding apprenticeship or for continuing their education at college.

Join SIS’ diverse school community of Swiss and international families and discover the benefits of bilingual education.

Marcel Stähli is the CEO of SIS Swiss International Schools Schweiz AG. SIS operates 17 bilingual, private day schools in Switzerland, Germany and Brazil with more than 3,700 students attending classes from kindergarten through to college.
